

COVID-19 VIRUS – HEALTH NOTICE

Our mission is to keep guests and staff as safe as possible at Forest Nest Cottage

Forest Nest Cottage owners and staff acknowledge the seriousness of the **Covid-19 virus**. Our guest's **health** and **safety** are especially important to us. We are continuously updating our policies and protocols because of new information.

We have implemented the following:

- Free hand sanitisers made available to all guests and staff on the premises
- Increased the frequency and intensity of cleaning practices in high density and common use areas & all rooms
- Temperature testing off all staff on duty before entering the property
- All high-level contact areas like handles and remotes are given a lot of attention.
- We make sure our staff are trained on how to keep themselves and our guests safe
- Linens and towels washed in accordance with local authority guidelines
- Guest accommodation is disinfected between stays
- All plates, cutlery, glasses, and other tableware have been sanitized
- Process in place to check health of guests before checking in
- A check-in form must be completed in full - no exceptions.

Here is what you are required to do:

- Sanitise your hands regularly and have temperatures recorded.
- Wear a mask in public areas
- If you have a temperature of 37.5+ you may NOT proceed to check-in but must leave the property immediately and head home if you arrived in your own vehicle. If you are sharing the trip with others, your entire party cannot check in if one of you have a temperature or are feeling sick. Arrangement for a voucher to be used later will then be made.

1
Sneeze or cough into a tissue

2
Or sneeze or cough into your elbow if you have no tissues

3
Do not touch your face

4
Clean surfaces regularly
